

New health subsidies

for children

From 1st January 2022, certain health and education subsidies are available for children up to their 18th birthday who are resident in Guernsey and Alderney.

Primary care charges

Primary care charges are as follows:

GP visit

£25

Practice
nurse

£15

Emergency
Department
visit

£25

Free annual dental check-up

Children are entitled to one free dental check-up per calendar year up to their 18th birthday. These appointments can be booked with your local dentist. While booking your child's appointment please state that you are attending the States' annual child dental check-up. Special needs children, Looked After Children and families in receipt of income support may still access their check-up through the Children's Dental Service.

If you have questions about these subsidies, please call 01481 222510

New dental health education

A dental health education programme is being implemented across a number of schools including pre-schools, primary and secondary schools.
